

January 6, 2023

Happy New Year,

I hope everyone had a great Christmas & Holiday Season. I have just a few items to share with you...

First, thank you to the 124 of you who have already registered for the 2023 season. Registration opened on January 1st providing exclusive sign-up privileges to past members until January 15th. After January 15th, registration will be open to the general public until we reach 250 members. When we reach 250 members, we will [temporarily] close 2023 member registrations until the Club executive and court schedulers are comfortable we can handle additional members.

If you attended last year's AGM or have been reading the past Club emails, you will know that the big initiative for 2023 is to engage a better rating system. For the time being, we are using a self-rating system for registration however, stay tuned for information on the implementation of our new rating system and how we intend to roll it out to members. Please recall, last year the Club selected Brackets to be our rating tool and decided to wait until this Spring to implement. Please note - the new rating system is optional and members will not be compelled to use it.

Please think about being a Team Captain for the upcoming 2023 season. Each group will need two or three Captains to effectively communicate and organize your group. This is particularly important at the beginning of the year when communications are critical to a smooth start-up.

Last but not least, if you haven't already done so please have a look at our new website. It has been designed to be comprehensive and user friendly site. And will become the place to go for all information about the Club. To keep the website current and relevant, we will need on-going content and pictures. If you have a background in communications, public relations, creative writing, or just want to help the Club with website stories & blogs, please reach out to Sandy Olsen who is co-ordinating website communications.

Thank you for reading this entire email and excuse any typos.

Regards
Craig
